

Donor Privacy Policy

Operation HOPE maintains the highest level of respect for the privacy of its donors and is committed to protecting their privacy. We keep personal and gift information secure and use it only in accordance with the terms of this policy.

Operation HOPE does not sell, trade, rent or share the personal or contact information of donors with any other individuals or organizations. Personal information will be handled safely and securely and access is limited to professional staff and employees who have been trained in the proper handling of donor information.

Each gift will receive appropriate acknowledgement and recognition. Additionally, contact information is only used to update the donor on HOPE activities and initiatives, send information on fundraising campaigns, and provide donor appreciation. The donor's name will be removed from all internal contact lists upon written request. Your personal gift information is also used for internal analysis, record keeping, and in our development process to analyze overall giving patterns.

HOPE donors are a valued and vital component of our work to provide financial dignity and economic empowerment. We thank you for your support and promise to honor your rights as a contributor.
